## HP c8000 Workstation

Supporting the latest high-end AGP 8X graphics and delivering enhanced processor power and memory, the 64-bit HP c8000 Workstation sets new standards for UNIX performance. This platform is capable of tackling the most demanding technical workloads – bringing 2-way and 4-way computing power to the desktop. The HP c8000 is designed to be compatible with your existing HP-UX application infrastructure and is so quiet, it can integrate seamlessly into any office environment.

#### Cutting-edge RISC technology

900 MHz and 1 GHz PA-8800 or 1.1 GHz PA-8900 dual-core processor modules provide unprecedented 2-way capability at 1-way price and 4-way performance at a 2-way price. In addition the HP c8000 features an HP zx1 chipset, designed for 1-to-4-way systems and enabling greater-than-clock-rate scaling for technical workstation applications.

#### Break-through graphics performance

The HP c8000 features industry-leading ATI Graphics and supports the FireGL X3-256 graphics card allowing users to create complex visual effects and designs. At the forefront of innovation, HP is the only vendor providing AGP-based graphics that support two display outputs in 3-D active stereo and edge blending for Unix-based single workstation platforms.

#### Exceptional memory and storage capability

Supporting 32 GB of high-performance error checking and correcting SDRAM, the HP c8000 is designed to handle the largest of workloads. A choice from four internal Ultra320 SCSI drives at either high-speed and high-capacity 10,000 rpm or extreme performance 15,000 rpm delivers up to 1.2 TB of available SCSI storage.

#### Ready now, ready for the future

As adaptable as you need to be, this platform offers 2 processor sockets, 4 HDD bays and 3 externally accessible bays so you can grow and configure your system when needed.

### Stylish and whisper quiet

Producing just 4.2 bels of sound – the equivalent of a whisper, this is the quietest UNIX workstation available today. The HP c8000 is attractively designed to blend into the office environment seamlessly and without taking up valuable space.

Power and cutting-edge graphics for industry-leading UNIX performance

# HP c8000 Workstation

Form factor	Tower or rackable tool-less chassis
Operating system	HP-UX 11i TCOE (Technical Computing Operating Environment)
	HP-UX 11i MTOE (Minimal Technical Operating Environment)
Processor	1 or 2 dual-core PA-8800 or PA-8900 processors (2-way 900 MHz PA-8800 with 3 MB L1 cache, 2 or 4-way 900 MHz or 1 GHz PA-8800 3 MB L1 and 32 MB L2 cache or 2 or 4-way 1.1 GHz PA-8900 with 3 MB L1 cache and 64 MB L2 cache)
Front Side Bus	400 MHz Front Side Bus
Chipset	HP Scalable Processor Chipset zx1
Memory	Up to 32 GB of PC2100 registered ECC DDR-266 (4 DIMM slots)
Maximum Memory	Up to 32 GB
Hard drive(s)	Ultra320 SCSI drives, maximum storage: 584 GB 73, 146 or 300 GB with 10000 rpm or 73 GB with 15000 rpm
Expansion Bays	3 externally accessible 5.25-inch bays 4 internal 3.5-inch HDD bays
CD-ROM/DVD	DVD-ROM, CD-RW (up to 3 with SCSI disks)
Drive Controllers	Ultra 2 LVD SCSI controller
Graphics	Professional 2D: HP fxe (1 display per card, max. 4), Entry-level 3D: ATI FireGL T2 (dual display capable), Mid-range 3D: ATI FireGL X1 (dual display capable) or High-end 3D: ATI FireGL X3 (dual display capable)
Expansion slots	1 AGP-8X Pro slot (150W max power including Auxiliary power connector), 6 PCI slots – 4 full-length (one 64-bit/133 MHz PCI-X, two 64-bit/66 MHz PCI-X, one 64-bit/33 MHz PCI) 2 half-length (32-bit/33 MHz PCI)
Audio	1 6-bit stereo full-duplex – uses half-length slot
Networking / communication	Integrated 10/100/1000 Mbps Intel® 82540EM (Kenai32), Wake-on-LAN
I/O ports and connectors	5 USB 2.0 ports (2 front, 3 rear), two 9-pin DIN serial (rear), one RJ-45 port (rear), optional: Firewire IEEE 1394 with 3 ports (2 rear, 1 internal)
Power	690 watts
Input devices	USB keyboard USB 3-button scroll mouse, space mouse
Dimensions (W x D x H)	Tower: 20.3 x 57.2 x 49.0 cm, Rackable: 42.4 x 57.2 x 20.3 cm
Weight	Tower: 22.5-28.3 kg, Rackable: 21.9-27.8 kg
Monitors	HP L1955 19in Flat Panel Monitor, HP L2035 20.1in Flat Panel Monitor, HP L2335 23in Flat Panel Monitor (not compatible with HP fxe graphics card). All sold separately
Warranty	1-year parts, labour, and next-day on-site service, upgrades available to same-day service, 24 × 7 telephone support Terms and conditions may vary, restrictions apply
